Dear Bradley:

Congratulations on your fellowship. I am looking forward to a happy and fruitful association. I assume it is understood this will begin in September. We can discuss the details when you visit. May is a good month, as I am heavily tied up most of the rest of this season.

You will be concerned about housing. I would like to urge you to consider an apartment at University Houses, where we used to live ourselves till last September. These are unfurnished, but even so much the pleasantest and economical possibilities. It does not cost very much to get the basic essentials of furniture, if you do not already have them. With your family you will need a two-bedroom apartment at minimum, and this will run about \$105-110 per month (heat & water incl., utilities extra). You might be able to find less expensive accommodations, but of far lower quality. Would you like me to enter your name, at least tentatively, on the waiting list for the Fall?

Give my best to Maury & Raquel, and my regrets that I could not visit this time.

Yours,

Joshua Lederberg

P.S. Good luck on your isolations. Are you clear what kind of bugs to hunt?
